	Examiner DANIEL KENNY	Art Unit 3633	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 18-26, drawn to a method of making a construction element.

Group II, claims 1-17, and 27-89, drawn to a construction element.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The special technical feature of the invention of Group I is associating a stretched mesh for supporting at least one layer of a suitable covering material to a line extending from one end of a reinforcing section bar; positioning the thus associated reinforcing section bar and stretched mesh into a molding seat of a suitable apparatus for molding plastics; feeding expandable plastics granules into the molding seat; and expanding and then bonding together the plastics granules in the molding seat so as to embed the reinforcing section bar into a mass of expanded plastics having a predetermined shape and to maintain the stretched mesh at least in part substantially flush with the mass of expanded plastics. The special technical feature of the invention of Group II is a self-supporting construction element of expanded plastics, comprising: a central body, substantially parallelepipedic in shape, provided with opposite faces; at least one reinforcing section bar transversely extending across the central body between said opposite faces and embedded in the expanded plastics; and a first stretched mesh for supporting at least one layer of a suitable covering material, said stretched mesh being associated with a fin of said reinforcing section bar lying flush with and substantially parallel to at least one of the faces.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the

Art Unit: 3633

requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse..

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIEL KENNY whose telephone number is (571)272-9951. The examiner can normally be reached on Monday thru Friday, 9 am to 5 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian Glessner can be reached on (571) 272-6843.
